Site address _____

This application is for: _____ masonry fireplace _____ gas fireplace

A valuation of **\$ 2,000.00** is used to calculate all fireplace permits.

There usually are no plans required for the types of work covered by this permit application, but if the city determines there is a need for plans or any other information, you will be required to submit that information before a permit will be issued.

For fireplace installations: There are required clearances from fireplaces and exhaust vents to combustible materials and from vent terminations to openings into the building; such as, windows or combustion air intakes. Make sure you are aware of all the required clearances before beginning work. All required clearances can be found in the installation instructions that come with each appliance.

A building permit is issued on the condition that all work shall be done in accordance with the Apple Valley City Code.
